

# ALLERGY TESTING & TREATMENT

Coastal Ear, Nose and Throat offers testing and treatment for environmental allergies, as well as testing for food allergies and penicillin allergies. We provide testing and treatment in Neptune, Manahawkin and Holmdel.

Our team of allergy experts will help identify allergies and work with you to develop the most beneficial care plan.

## We test for the following Allergies...

### Food Allergies:

- Whole Eggs
- Cow's Milk
- Peanuts
- Mixed Fish
- Mixed Shellfish
- Almonds
- Wheat
- Soybean

### Environmental Allergies:

- Pollen
- Mold
- Dust Mites
- Pet Dander

### Penicillin Allergy:

Penicillin allergy testing is available for Pediatric and Adult patients.

**Schedule your appointment TODAY!**

## What will SLIT do for you?

Sublingual immunotherapy (SLIT) is an alternative way to treat allergies by administering drops of an allergen under the tongue.

**No needles**

**Fewer office visits**

**Safe & effective**

**Self-Administered at home**

**Treats the cause, not just the symptoms**
